

A recap of your Coding journey, trying to build cool stuff and mostly getting them right. Presenting #PythonWrap

COURSE NAME	COURSE DURATION
Intro to Coding	6 weeks

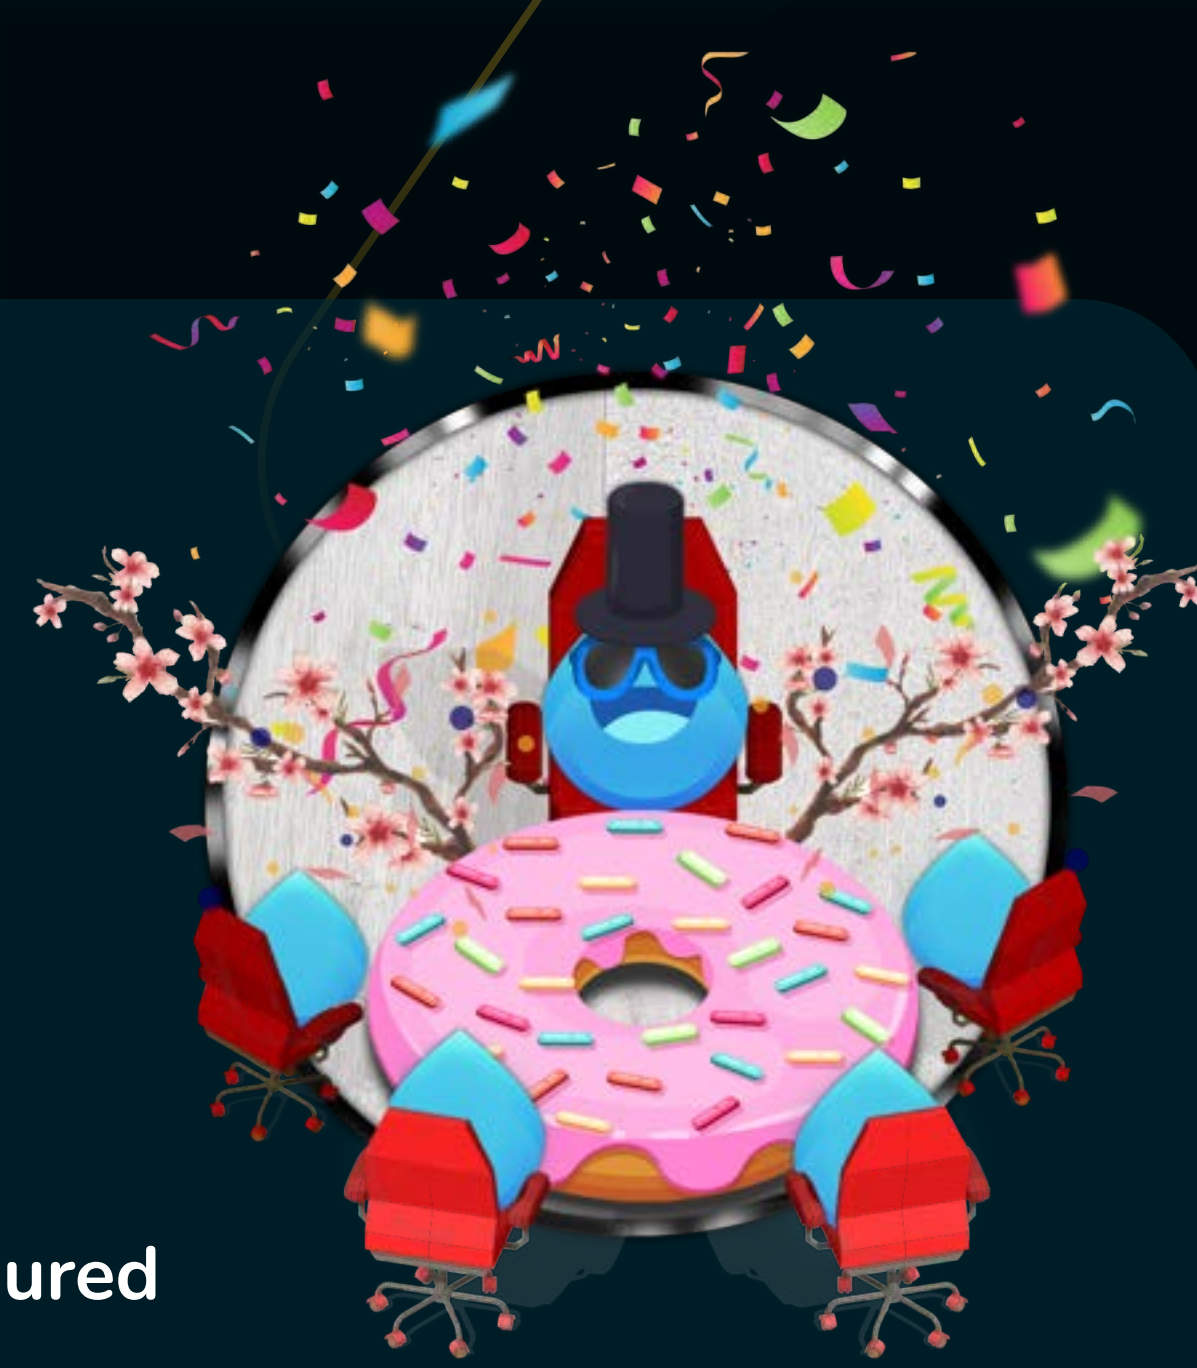

First, say hi to your friends at the Planet Oak.

SESSIONS

39

You came, you saw, you **code-figured** stuff along with your mentor.

329

MINUTES OF STORIES

You mastered the **basics of Coding over stories** alongside sci-fi characters. How cool is that!

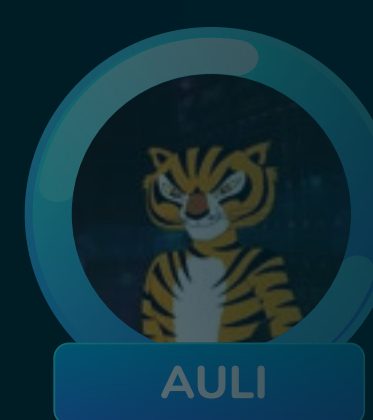

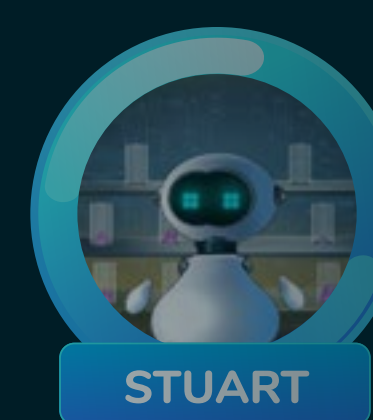

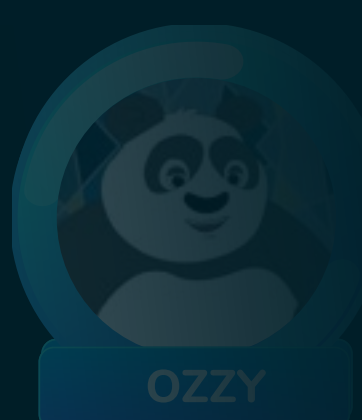

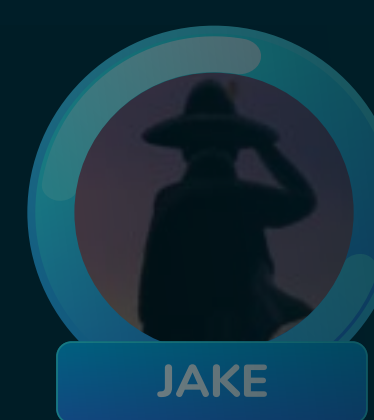

14

BADGES EARNED

46

Now, that's something you should definitely **flaunt**.

PRACTICE QUESTIONS SOLVED

It was a long journey, and you took it one problem at a time.

SAVED CODES IN OUR LIBRARY

Your hustle. Feel free to call it **My precious**.

What's Next?

This is just the end of this course, not the end of your Programming journey with Tekie. We want you to keep up the cool stuff at the Code Playground, check out the new workbooks, cheatsheets & make use of the resources we curate only for you.

This is not a goodbye.

Check out our all-new course on Web Development.

PS: The wait could be a lot less tough if you share the glimpse of your #TekieWrap with you friends & family.
